Sir:

Applicant inquiries regarding the status of the above patent application. This application was filed on October 20, 2004 showing by a postcard received by the applicant with the papers as originally filed. The originally filed papers did not include a signed Declaration, and therefore it was expected that a Notice of Missing Requirements would be issued. Such notice has not been issued to this date, and therefore attention to the office is called to this matter, so that perhaps the file could be located and the proper notice issued.

Respectfully submitted,
